## Actionable Business Insights

- Total sales (filtered): \$2,297,201
- Top categories by sales: Technology (\$836,154), Furniture (\$742,000), Office Supplies (\$719,047)
- Total profit (filtered): \$286,397
- Top customers by sales: SM-20320 (\$25,043), TC-20980 (\$19,052), RB-19360 (\$15,117), TA-21385 (\$14,596), AB-10105 (\$14,474)
- Data quality: No missing cells detected in the filtered dataset.

## Conclusion

This automated sales analysis report provides a comprehensive overview of business performance. Key trends, category performance, and data quality issues have been identified. Decision-makers are encouraged to focus on high-performing categories while addressing areas showing declining profit or high missing data to improve overall performance.
